Independent Auditor's Report

Bayridge Securities, LLC
San Francisco, California

We have audited the accompanying statement of financial condition of Bayridge Securities, LLC (the Company) as of December 31, 2013 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 and the related notes to the statement of financial condition.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Bayridge Securities, LLC as of December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

BAYRIDGE SECURITIES, LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION AS OF DECEMBER 31, 2013

1. NATURE OF BUSINESS

Bayridge Securities, LLC (the "Company") is a wholly owned subsidiary of Condor Trading, LP (the "Parent"). The Company was formed in October 2010, but did not commence operations until 2011. The Company received approval to operate and conduct business as a broker dealer in September 2011, and is registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company's operations consist primarily of providing placement agent services to publicly traded companies. The Company does not carry securities accounts for its customers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation — The Statement of Financial Condition is expressed in United States dollars and has been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events — Management has evaluated subsequent events through the date the Statement of Financial Condition was issued.

Use of Estimates — The preparation of the Company's Statement of Financial Condition in accordance with GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Statement of Financial Condition. Actual amounts could differ from those estimates and these differences could be material.

Cash and Cash Equivalents — The Company considers highly liquid investments with original maturities of three months or less to be cash equivalents.

Income Taxes — As a limited liability company that is treated as a partnership for income tax purposes, the Company is not directly liable for income taxes.

3. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. The Rule also requires the Company to notify and sometimes obtain approval from the SEC and FINRA for significant withdrawals of capital or loans to affiliates.

At December 31, 2013, the Company's net capital was \$148,925, which was \$143,925 in excess of its minimum requirement of \$5,000, pursuant to the requirements of the Rule. The Company's net capital ratio was 0.33 to 1.

4. RECEIVABLE FROM AND DEPOSIT WITH CLEARING BROKER

Receivable from the Company's clearing broker, Goldman Sachs Execution and Clearing L.P., ("Clearing Broker"), is pursuant to the clearance agreement in effect. At December 31, 2013, the Company's receivable from its Clearing Broker is \$9,992, and is entirely maintained as clearing deposit.

5. FINANCIAL INSTRUMENTS SUBJECT TO OFF-BALANCE SHEET RISK, CREDIT RISK, OR MARKET RISK

The Company is exposed to credit risk from other brokers, dealers, and financial institutions with which it transacts business, in the event, that, and to the extent that, such counterparties do not fulfill their obligations.

6. CONCENTRATION OF CREDIT RISK

The majority of the Company's cash and cash equivalents are held at a single financial institution in a non-interest bearing account. The balance is insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company's management does not believe the credit risk associated with its cash and cash equivalents is significant due to the financial stability of the financial institution.

7. RELATED-PARTY TRANSACTIONS

In 2011, the Company entered into an expense sharing and personnel allocation agreement (the "Agreement") with the Parent and its affiliated broker dealer, BTIG, LLC ("BTIG"). From time to time, the Parent or BTIG purchases fixed assets, pays operating expenses or allocates personnel costs to the Company. Included in liabilities are approximately \$5,000 of payables to affiliates for such amounts at December 31, 2013.

8. SEC RULE 15c3-3

The Company is exempt from the Reserve Requirements of computation according to the provision of Rule 15c3-3(k)(2)(ii) of the Securities and Exchange Commission.

The Company is exempt from Rule 15c3-3 as it relates to Possession or Control requirements under the (k)(2)(ii) exemptive provision.

Independent Auditor's Report on Internal Control Required by Securities and Exchange Commission Rule 17a-5

Bayridge Securities, LLC
San Francisco, California

In planning and performing our audit of the financial statements of Bayridge Securities, LLC (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
